

HOME CARE SERVICES TO MEET YOUR NEEDS

Trilogy Care and Rhema Community Care have partnered to ensure you have access to high-quality home care services via your Home Care Package.

Trilogy Care will focus on assisting you with self-managing your Home Care Package while Rhema Community Care focuses on delivering the services you need to stay at home for longer.

WHO IS TRILOGY CARE?

Trilogy Care supports you to live well at home longer by helping you build and self-manage your Home Care Package. Trilogy Care is an approved Home Care Package provider and is registered with My Aged Care to deliver Home Care Package support.

WHAT IS SELF MANAGEMENT?

Self-management is a way for you to manage the service providers you use and how your Home Care Package budget is spent. It gives you the flexibility to:

- Design and plan your own care plan with a dedicated care partner
- Choose the service providers you would like to work with
- Gain more control over how your Home Care Package funds are spent
- Increase your care hours with lower management fees

WHY TRILOGY CARE?

One of the main reasons people choose to work with Trilogy Care to self-manage their Home Care Package is because it gives you absolute control over who provides your care and services. You can ensure you're surrounded by the best service providers to give you the care and support you want and need.

Self-management also removes the agency 'middle-man' allowing you to reduce your management fees by working directly with your care workers and support service. Thus, allowing you to maximise the number of care hours you can afford through your Home Care Package.

RHEMA COMMUNITY CARE

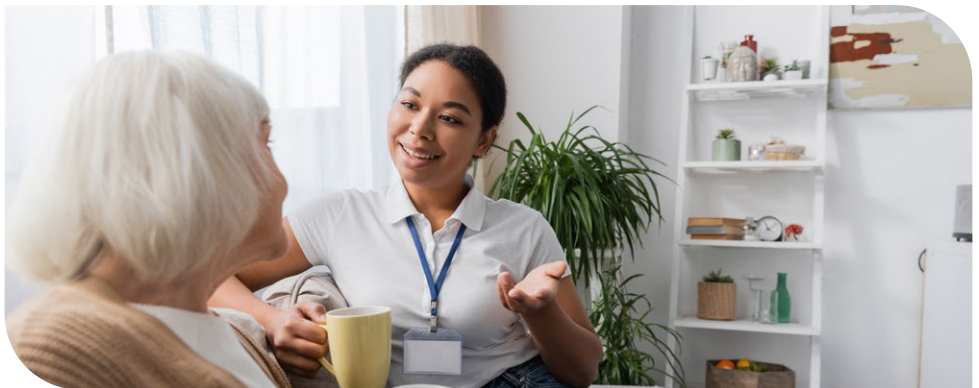

At Rhema Community Care, our mission is to provide meaningful support every time you engage with our services. We are committed to delivering high-quality care and ensuring a positive experience for every client.

Our services are tailored to meet the needs of both clients and their families. We take the time to explain available options and connect individuals with the care they need to live well at home. We focus on building strong relationships that lead to better outcomes.

Our team of experienced professionals is selected for their empathy and compassion. We match each client with support workers and nurses based on personality and lifestyle, and all care is overseen by registered nurses using a person-centred approach.

Clients are actively involved in decisions about their care. We listen closely to feedback and continuously improve our services to ensure we provide evidence-based, up-to-date care.

To help more older Australians access the care they need, we've partnered with Trilogy Care to support those with a Home Care Package.
